

Silicone Lubricant - 1609

Product Data Sheet

Updated : August 1995
Supersedes : All previous

Product Description

3M Silicone Lubricant - 1609 is a high quality product that contains no petroleum oils. It will not freeze at -33°C or degrade at 176°C. It is fast drying and long lasting and will not stain or become tacky.

The product can be used to seal against moisture, preserve plastic, rubber, leather, prevent build up of adhesives, waxes, inks, paints etc; prolong the life of cutting tools, eliminates squeaks caused by friction.

3M Silicone Lubricant - 1609 lubricates, waterproofs and protects against rust and corrosion.
